■ [WRITE YOUR CODE HERE](#)

```
function bit_seq = GenerateBits(N_bits)
%
% Inputs:
%   N_bits:    Number of bits in the sequence
% Outputs:
%   bit_seq:    The sequence of generated bits
%
% This function generates a sequence of bits with length equal to N_bits
```

WRITE YOUR CODE HERE

```
bit_seq=randi([0 1],1,N_bits);
```

Not enough input arguments.

Error in GenerateBits (line 11)
bit_seq=randi([0 1],1,N_bits);
